NUMBER TWELVE

JUNIOR LION RALLY NAMED BIG SUCCESS

Fire And Rally Is Biggest In History Of Orange County

Freshies Defeat Sophs In Annual Class Scrap; Lions Guard Site

A blazing inferno, with a base of over 50 feet, flames reaching 75 feet up into the air, not a person within 100 feet of the fire because of the intense heat, well over 1000 students and townspeople looking on in awe, and the whole south side of Santa Ana, and the low hanging clouds above tinged with red from the blaze, is a picture of the huge bonfire and rally staged by the students of Santa Ana junior college, with the Junior Lions club in complete charge, last Wednesday night, in preparation for the annual grid battle with the Fullerton Yellow-jackets.

The rally is acclaimed as the largest in the history of Orange County. Flames of the bonfire were seen for fifteen miles, in all directions.

Well over 100 cars met at the junior college buildings at 7:00 o'clock Wednesday night and joined the long serpentine which wound down through the heart of Santa Ana, (Continued on page 3)

Capt. Wilkins Will Explore Polar Ice

On July 4, Captain Hubert Wilkins will embark on perhaps the most daring undertakings since the advent of modern science, he revealed to members of the Santa Ana junior college and high school at his lecture Monday in the auditorium. Captain Wilkins was brought to Santa Ana under the auspices of the Ebbl club, with the townspeople invited.

Capt. Wilkins will leave Spitzbergen with a specially constructed submarine and a crew of 18 men, and attempt to explore the uncharted seas under the great arctic ice flow.

He believes that this means will prove more practical than airplanes have in the past, because the personnel of the expedition will not have to suffer the hardships heretofore required by the limited methods of transportation. The submarine is to be built in America, and will embody all the latest discoveries of science. It is the plan of Captain Wilkins to come up between the ice flows periodically for air and to take bearings necessary for the expedition.

This attempt will be watched with interest through out the world, because it is the first time that submarines have been used other than as an aid to get other information, which will believe the weather conditions he will have to cope with in the arctic regions can be met much more easily satisfactory living conditions can be established and maintained for the members of the exploring party.

Bachelors Complete Plans For Snow Party; "Scums" Initiated

Plans for the biggest football banquet ever held at the Santa Ana junior college were formulated at the regular meeting of the Brotherhood Bachelors Monday night, when 15 delegates to the organization were initiated at the home of Bill Crawford Prospect avenue.

The Bachelors and the Sisterhood Spinsters will have complete charge of the grid celebration, which will probably be held at the Santa Ana club on December 17. Present plans call for an interclass football game to be played on Friday, December 12, the proceeds to pay for a banquet. Any profits will be turned over to the Associated Students. The Bachelors sponsored the football banquet last year.

There is a possibility, however that interclass basketball game will be held. Coach Bill Foote, basketball

Christmas Vacation To Begin December 18 End January 5

According to word received from the college office, Wednesday, December 17 will be the last day of school before Christmas vacation. Classes will be taken up again Monday, January 5, 1931.

This makes the vacation somewhat longer than in previous years. It was pointed out that because of an extended holiday period more students will be enabled to get work to help with their school expenses.

Longfellows Give Fashion Show Jaysee Assembly

"Paris Creations" Makes Hit With Students

Appearing before the greatest crowd to attend a junior college assembly this year, members of the Society of Longfellows presented the second annual feminine fashion show yesterday in assembly.

The program was enhanced by the novelty of a new Austin automobile on the stage which was used by Martin Bowman, announcer for the show. With the auditorium completely dark the Austin opened the program by coming across the stage with headlights on. The car was loaned through the courtesy of the Southwest Marmon Motors of Santa Ana.

The rest of the program consisted (Continued on page 3)

Don Debaters Meet Santa Monica Tues.

"Resolved: that the forty hour week should be adopted by American industry" is the subject of the first round of the league debates to be held in the music room next Tuesday, December 9, at 7:30 p. m. Santa Monica's negative team comes to Santa Ana to oppose Santa Ana's affirmative team composed of Louis Bates and Frank Miles.

The negative team of Joanna Day and Harvey Anderson goes to Los Angeles junior college on the 11th to meet the affirmative team of that institution. Two practice debates were held earlier in the year with Pasadena and Citrus junior colleges.

Santa Ana took second place in the league last year losing only to Compton by one point. The debate as usual is open to the public and they are cordially invited to attend.

The judges will be Professor M. G. Jones, principal of Huntington Beach high, Professor A. J. Clays, principal of Anaheim high, and Professor S. H. Davidson, principal of Harbor high school.

BULLETIN

The examination in Subject B, foreign language prescribed by the University of California for the Junior Certificate in Commerce will be given Monday, December 8, in room 5, at 2:30 o'clock.

Maybelle Ball Named Fiesta Chairman By Executive Board; College Students To Dress In Old Spanish Costumes For Event

Out of a list of three candidates, Maybelle Ball, present social commissioner, was named last Monday night to fill the place of chairman of Fiesta Day, which is the "big" event of the year for the Dons and Donas of Santa Ana junior college, the second semester. Miss Ball's qualifications are well known.

On Fiesta Day, all the students of the college dress up in Spanish costumes, and hold a huge program in a specially build arena. The senior classes of the Orange county high schools are the guests of the college for that day.

The few weeks preceeding the event, the O. K. club will probably again take over the management of the beard growing contest, which has been an annual custom since the organization of the Fiesta four years ago.

A Don and Dona is elected from the students, to reign over the Fiesta. The 1928 Don and Dona were Flora Groenow, and Pete Lehr. Year before last Margaret Cianfoni and Baxter Geeting reigned supreme. Last

Executive Board Limits Tickets

Permission was granted by the Executive Board Monday for the formation of a new campus organization sponsored by the commerce department. The club called the Agoran club, a name which means a Greek trading center, is being formed for the furtherance of interest in commercial subjects, and will obtain speakers and take educational trips. Mr. George B. Holmes, head of the commerce department is the adviser.

Only 15 guest tickets will be issued for the Christmas dance, it was ruled by the board. All those wishing guest tickets must appear in person at the regular board meeting next Monday evening at 5 o'clock and the first 15 there will be the ones to get them. None will be issued after that time.

John Farrar was appointed assistant business manager of the Don.

Wayne Flinn, forensic commissioner, reported that Santa Ana will meet the Santa Monica junior college debaters here Tuesday, December 9, at 7:30 in the music room of the administration building. The resolution is to be "that American industry should adopt the forty hour week". Santa Monica will uphold the negative side and Santa Ana, the affirmative.

Maybelle Ball was appointed chairman of the Fiesta Day committee for 1931.

The Bachelors and Spinsters were given the privilege to sponsor an interclass football game between the Sophs and Frosh, and to give a football banquet probably at the city Y. W. C. A.

The matter of wearing caps and gowns for the graduation pictures in "Del Ano" was discussed and turned over to Betty Maloney, Del Ano commissioner, who is to investigate student opinion in that regard.

Jr. Art Association Formed On Campus

"Junior Art Association" is to be the name of a newly formed art club which will be open to Santa Ana junior college students, and especially to the members of the local branch of the Alpha Rho Tau art society.

This organization will be under the supervision of the Laguna Beach art association of that city. The branch will be to give the junior art enthusiasts of the county an opportunity. (Continued on page 3)

Christmas Dance To Be Staged At Country Club December 12

It was announced today that the annual Christmas dance had been definitely scheduled for Friday, December 12, at the Santa Ana country club. It was also emphasized by the Executive Board that only 15 guest tickets will be issued and that the tickets will be passed out at their next regular meeting, at 5:00 o'clock, Monday, only

with the personal appearance and request of the individual.

The dance is to be semi-formal, and is in charge of the college social commissioner, Maybelle Ball. She has arranged for a Christmas program. One of the popular dance orchestras of the county has been engaged for the night.

Phi Theta Kappa Offers Thanks To Moav And Las Meninas Clubs

We, the officers of the Alpha Beta chapter of Phi Theta Kappa of California, wish to extend the thanks of the entire organization to the members of the Moav and Las Meninas clubs for the gracious services they rendered our society at the recent installation and reception in the "Y. W. W." Hut. Signed, Manfred Mueller, William Reinhardt, Betty Maloney.

Junior College Starts Move For Student Store

Other Similar Moves Have Been Voted Down

Although nothing definitely has been done, a move has been started on the campus advocating a student store for Santa Ana junior college. The Executive Board has not taken action on the question, but has appointed Wayne Flinn and Oran Asa to look into the possibilities.

Questionnaires are being prepared to be mailed out to all the schools now supporting a co-op store, which will give a pretty fair idea as to what the cost will be to start, how to manage it, what to stock, and the like.

Movements of this kind have been started in previous years, but have always been "vetoed" before they became a reality. There are arguments on both sides of the problem, but it will probably be settled within the next few weeks.

Chaffey Grid Team Leaves For Hawaii

ONTARIO, December 1—24 members of the Chaffey junior college football team and their coach, Bert Heiser, were today 5 days out on the Pacific ocean, on their trip to the Hawaiian Islands, and two football games, with Kamehameha University of Honolulu, and McKinley high school.

The team expects to arrive in Honolulu, December 3. When not playing football, they are to be the guest of various organizations of the Islands, and will be given a tour of the islands. They will leave Honolulu December 10, and arrive at San Francisco December 18, reaching Ontario two days later, in time for Christmas.

The expenses of the trip are guaranteed. Including the two games, \$4,000 has been guaranteed to the Ontarians, which is expected to easily meet the expenses.

BULLETIN

The football team pictures will be taken today at 3:30, it was learned this morning. All football players must meet at the gym at 3:00 o'clock, it was announced by the football manager Dale Fuller.

Junior Lions To Help Needy Families During Christmas

Plans were made by the Junior Lions at their regular dinner meeting at Ketner's Monday night to arrange for Christmas baskets to be given to needy families. Virgil Brown and Richard Robbins were appointed by Cub President Glesner to investigate the possibilities of such a project.

Homor Chaney, president of the Santa Ana Senior Lions club, sent word to Glesner that he could use the Junior Lions in distributing advertising posters for the "Better Business Week" program. The club voted unanimously to help.

It was decided to invited the Fullerton Junior Lions Den to a joint meeting at Ketner's as soon as arrangements can be made. Oran Asa, secretary was instructed to send an invitation to "Mutt" Dauser, president of the Fullerton Den. Martin Bowman, talented Don

ACTIVE WORK ON "DEL ANO" STARTS SOON

New Cover Design To Be Worked Out; To Print More Copies

New Name Is Pronounced Like "Anyo"; Suggested By Ray Glesner

Work on the Santa Ana junior college year book, named "Del Ano" a last Tuesday by the students of the college, is scheduled to begin immediately, it was announced today by Betty Maloney, editor. A new cover design is to be worked out which will fit in with the new Spanish name. "Del Ano" is pronounced like "Anyo", and means "of the year".

The vote last Tuesday in the A. S. J. C. office resulted in a 15 vote margin for "Del Ano", over "Ano Vistas", which means year views. The new name was suggested by Ray Glesner, president of the Junior Lions and O. K. clubs.

The old name "Algo!" which has existed since 1920 was dropped several weeks ago, when the students voted almost unanimously by a standing vote in assembly to do away with it. The reason for the dropping of it is that every year the Spanish traditions of Santa Ana J. C. are growing stronger. A Spanish name was desired.

Many new features are to be in "Del Ano" this year, it was indicated by the editor today. Last year's edition was given second place in the state a few weeks ago at the semi-annual state press convention. There will have to be almost 200 more copies printed this year due to the increase in enrollment. The work is to be done entirely in the college print shop and on the Santa Ana Junior College Press.

W. A. A. Will Hold Spread Wednesday

The Woman's Athletic Association will give a basketball and volleyball spread in the little gym at 5:00 p. m. on December 10. The gym will be transformed into Japan, and all attending the spread will leave American customs and costumes at home, as everyone will appear in Japanese dress, that is, if the costumes are available, and if not, brightly colored pajamas or kimono will be good substitutes. The program will consist of Japanese games of chance, dancing, cards, and special musical features. The food will be entirely Japanese, and will be served on little stools, carrying out the Japanese motif.

The spread is open to every girl. Those attending the spreads last year will vouch for the exceptionally good times had then, and for the anticipated fun at the coming event. The tickets are twenty-five cents apiece, and can be obtained from May Hasenjaeger, Helen Hendricks, Marian Parsons, or other W. A. A. members.

EDITORIAL COMMENT

Our Spanish Traditions

"Algol" served well, yes, it served for 10 years, but when that name was chosen, Santa Ana junior college had not taken up its traditions, which were destined to be Spanish; those of the Dons and Dona of old Spanish California. When the Spanish traditions were adopted, the name of the paper was changed from "College News", to "The Don".

With all reverence to "Algol", the name was destined to be changed, to fit in with our Spanish traditions. If it was not changed this year, it would have been in the next few years. It will be hard for this year's sophomore class, and more than ever for the instructors, to think of it as "Del Ano", but that is.

But, now traditions can be built up around it.

Now we have the Dons and Donas of Santa Ana college with the two publications "Del Ano" and "The Don", and a true Don and Dona spirit and our annual Fiesta to build around. Long live the Dons and Donnas of Santa Ana college and their traditions!

Assembly Attendance

Assembly attendances have been absolutely terrible. They have been a disgrace to Santa Ana junior college. Out of 650 students, not more than 200 attend the assemblies regularly. The student officials work hard, and produce good programs, and only a fraction of the students show up, and about a half dozen instructors.

Now, picture that 200 scattered all over the assembly hall, and you have a reproduction of most of our assemblies. Most of them are grouped around the doors. Upon inquiry, one student answered, "I get close to the door so, if I don't think the assembly is going to be interesting, I can slip out".

At one of the recent meetings, more than a dozen students actually had the nerve to walk out on one of the speakers; one that gave a wonderful talk. That is positively ill-manners to the last degree. That is not the "true Don spirit" of which we boast.

Other junior colleges have remedied that problem in this way: They have made assembly attendance compulsory. Some give grade points for perfect attendance. Do we, Santa Ana junior college, want to come to that?

6-Hour Working Day

Another large manufacturing concern has fallen in line, and established the 6-hour working day. A large breakfast cereal company of Battle Creek, Mich., announced a few days ago that they were changing from three, eight-hour shifts to four, six-hour shifts. The change will make possible employment of 25 per cent more men. The hourly wage will be increased 12 1-2 per cent, making the minimum wage \$4 and the average \$5.40 per day.

Freshmen Are Worthy

Santa Ana college is getting stronger. The lowly Frosh rise to great heights and lick their upperclassmen in the annual class "scrap". We are again proud of the "junior" members of our college.

During the period of "initiation" they acted nobly. They took the green pin, the swats, and what not, like true sportsmen. They filled in the gaps on our ball team excellently well. They have fitted in to the scheme of almost everything. Now Freshmen to be a 100 per cent class, turn out en masses at the assemblies.

Thirty men have already reported for basket ball practice at the Modesto Junior College. Three of the men are lettermen, while practically every other aspirant has seen college or high school service. "MODESTO COLLEGIAN", Modesto junior college

Every member of the Glider Class of the Yuba County Junior College will receive a gliding licence this coming week. Already one glider has been successfully constructed, and another Ch eat Dasadncharmingshrdrhrdr is now being built. "BLUE AND WHITE", Bakersfield junior college

IT'S A CINCH!

With all the joys that college life gives to us there are so few that are more pleasant than the donation of little white cards at the end of the quarter. Some are fortunate enough to not be on the receiving end for one of these but it is no merit of luck. We are rewarded with justice for all that we get, say eminent philosophers, and here in college the adage holds true. Can't you see their faces now? "What a 'bum' school this turned out to be, and why did I ever come to college?" These are but a few of the remarks that are heard on some of these frosty mornings by various neglecting students. If you have been lucky enough to not be on the "elected" list you can readily guess just what these little white cards mean in the lives of big men, (and women).

Won't the folks at home be overjoyed when they read off in mournful numbers just the way the dear prodigy of theirs has been studying all hours of the night and getting to class on time every day and a lot of other "old stories" that some students try to "get over". Well, aren't we all a little to well qualified to brag ourselves up? Those little white cards, however certainly do reveal those little white lies.

MEDITATION

An Old House's Reminiscing

"Wee is me", sighed an old two story house last Wednesday night as the flames of fire began to lick around its foundation. "For forty years I've proudly lifted my head with the best of houses, and now—to think that I should come to this end."

"How well I remember the day when the carpenters and painters put on my finishing touches, collected their tools, and left. Why, it seems but just yesterday that my first occupants moved in. It was the day of their marriage, and they were so happy—and so proud. How easily I can see them, a talk dark complexioned boy with that pretty little blonde wife of his hanging to his arm, as they came down the front walk. How easily I can hear her exclaim, 'Oh, John, its just too beautiful for words'. And maybe you think I wasn't proud. But years have passed. My first coat of bright yellow has been covered over with brown, and then with green, and finally with red. Many different families have occupied my rooms, and many babies have played on my hardwood floors. And now I am old and useless and condemned to die. My time has come. But I shall not complain. I have lived a long and happy life."

Thus mused a once stately house as it was sacrificed to the great god—Football!

WHAT WOULD YOU DO?

A cat in L. A. was left \$15,000. What would you do if you were left that and had to spend it? Here is what a few of us would do:

Quit school and get married—Lecil Slaback.

Pay all my debts and got to Europe—Mr. Flowers.

Go to Oxford—Harly Vahl.

Get married—Bill Warren.

Buy a farm—Bob duPree.

It would all go for clothes—and how!—Margery Adams.

Get a Dusenburg—Lauren Griggs.

Get a car and travel—Abbott Mason.

Buy an imported car—Grace Lloyd.

Buy a castle in Spain—Gladys Lloyd.

Propose to Nancy Carrol—Paul Wright.

Start a speakeasy—Gene Olsen.

Now what would you do?

SCHOOL DAZE

His head dropped on his chest, his eyes were puffy, the look of weariness permeated his whole being. He roused himself as Mr. Bruff said, "Osteoblast is the bone-building type of cell; Osteoclast is the opposite, or breaking down of bone cell; now it is necessary to remember these details, it is best to take these down in your notes."

"Ah", he thought, "I'm too tired

OVER THE EDITOR'S DESK

BY ORAN ASA

The UNPARDONABLE SIN: not to pronounce "Del Ano" right. It is pronounced like "anyo". So remember!

THOSE FULLERTON BEARDS are sure going to itch! Now we know where we can buy a good razor cheap. Well, Fullerton, we have a good basketball team coming up, and our track team isn't going to be a tail-end either. A 50-50 chance in February, and another 50-50 chance in May is the dope. That's your only chances, because our 1931 team is going to be undefeated.

DID THE JUNIOR LIONS make a success of the rally last Wednesday? Well, I should say they did. (Not only that, but it was in the rain). All Santa Ana was there. If they were not at the rally, they arrived about 10 minutes after the house was "turned loose". Wild eyed inhabitants (those few who were uninformed) raced down Main street, trying to get there in time to pull the victims out of the flaming house.

One unfortunate saw the flames of the bonfire in Huntington Beach, and tore up, arriving in time to see a husky Junior Lions administer the final initiation of one of the pledges with a large paddle. On other occasions "nauty words" issued forth, when they were informed that they had got out of bed for "nothing".

DID YOU KNOW that the local chapter of Phi Theta Kappa is the first one in the state of California? The Santa Ana chapter headed by Miss Lella Watson, is the Alpha Beta chapter. This society was organized a few years ago by the Phi Beta Kappa society, for junior colleges. Qualifications for Phi Theta Kappa are stiff—read the list of members, and congratulate them upon their election.

A TRIP TO HAWAII is not bad at all. That is what Chaffey junior college's football team is getting. And, who wouldn't go, if they had over \$4,000 for two games, guaranteed them, plenty to pay expenses. They left Ontario November 25, and will not return until December 20, just in time to eat their Christmas turkey, and return to school, over one month after they left.

GUESS WE'LL HAVE to congratulate the Longfellows upon their successful fashion show yesterday.

Calendar

Wednesday, December 3—Varsity "S" club meeting.
Thursday, December 4—Beta Gamma progressive dinner, 6:30 p. m. starting at home of "Marian Parsons, 102 E. Chestnut Ave.
Friday, December 5—L'Hotel Rambouillet Progressive dinner, 5:30 p. m.
Sunday, December 7—Breakfast club meeting at 2015 North Main street, 9:00 o'clock.
Brotherhood of Bachelors outing, L. A. county playgrounds. Meet at Olive, 6 a. m.
Monday, December 8—Y. M. C. A. meeting.
Y. W. C. A. meeting.
Tuesday, December 9—Tavern Tatlers meeting in J. C. library.
Shea Shell Social meeting. Assembly in auditorium, 11 o'clock.
Wednesday, December 10—"The Don" passed out in A. S. J. C.

to listen, I've spent too many nights out; this cannot go on, and vacation just-day after tomorrow. I'll never be able to enjoy it."

The next day, one of the professors said, "Where is Bill?" "Bill is at home in bed, resting up for vacation", replied his friend Jack.

The days of vacation passed, one by one, and Monday again crept in, all unconscious that she was not wanted. Again the roll was called, and again Bill was absent. "Where is Bill?" asked the professor.

"Bill is at home in bed, resting up for school", replied Jack.

ANSWER THIS ONE

Nowadays every magazine throughout the country is publishing, questionnaires on one foolish thing or another. Recently a national weekly publication inaugurated a system of both writing and answering questions and paying their subscribers for it. The Don can hardly afford to do that but in order to keep in step with the times we have secured, after much deliberation on the part of the author, a few of Prof. Clarence Dinglestoss questions from his recent book entitled "The Mind of the College Student" and are, according to the Professor, a severe tax on the brain.

In order to make reading them easier, the Professor has guaranteed to pay all doctor and hospital expenses incurred by those ambitious knowledge seekers who see fit to follow in his footsteps.

The question:

"Who the Dickens wrote 'A Tale of Two Cities'?"

"Who is this Bird that has been flying around the south pole?"

"What the duce do you call that card that follows an ace?"

"In what state is Birmingham Alabama?"

"Which weighs the most; a ton of lead or a ton of feathers?"

"If a rooster had a tooth ache, would a hen pullet?"

"If Cleopatra loved Mark Anthony, why did she let Julius Caesar?"

"What is the capital of the state of Coma?" answer yes or yes.

A wrong answer will subject the student to the punishment of a year in Fullerton jaycee, or both.

ON DECEMBER 15, "The Don" is to publish a 24-page Christmas number. There is to be over 20, to be exact 23, pictures in the magazine. It is to be in four colors. It comes out about the same time as the "Tavern Post", but in no way will they conflict, because they cover entirely different fields.

THREE BIG QUESTIONS are before the school, and must be decided. Are we going to have a Student Store? Are we going to have our pictures for "Del Ano" taken with the caps and gowns? What are we going to do about baseball?

What are your opinions on the questions? Write your opinion of the question, sign it, and hand to anyone of "The Don" staff. Perhaps you may throw a new light on the question. Maybe you have the deciding point. Let's have student comment on the subjects.

IF YOU MISS THE Christmas dance, you will miss the biggest dance of the year. Remember that, and act accordingly—that is, beat him to it.

Etiquette

INTRODUCTIONS

The simplest forms are the best—"Mrs. Hedley, may I present Mr. Thornton", is accepted as good usage everywhere. The names should be pronounced carefully and slowly, and if one of them is unusual it is possible to repeat it in the sentence that follows the actual form of presentation.

A TITLE DRAMA

Plays from Shakespeare

Who were the lovers? "Romeo and Juliet".

What was their courtship? "Midsummer Night's Dream".

What was her answer to his proposal? "As You Like It".

What time in the month were they married? "Twelfth Night".

Of whom did they buy the ring? "The Merchant of Venice".

Who were the best man and maid of honor? "Antony and Cleopatra".

Who were the ushers? "Two Gentlemen of Verona".

Who gave the reception? "The Merry Wives of Windsor".

In what place did they live? "Hamlet".

What was her disposition like? "The Tempest".

What was his chief occupation after he married her? "The Taming of the Shrew".

What caused their first quarrel? "Much Ado About Nothing".

What did the courtship prove to be? "Love's Labor Lost".

What did their married life resemble? "Comedy of Errors".

What did they give to each other? "Measure for Measure".

What Roman ruler brought about the reconciliation? "Julius Caesar".

What did their friends say? "All's Well That Ends Well".

MOUNTAIN TRIP GAUCHOS' PLAN

At a meeting held at the home of Cardwell Oglesby last Monday night, the final plans for the Gauchos mountain trip were formulated. According to present plans the members and pledges will leave Friday night and Saturday morning for Mr. H. A. Scott's cabin which is located in the San Bernardino mountains near Smiley Park. About half of the membership of the organization will be variously engaged on Friday night and will not be able to leave until Saturday morning; however everyone is to remain until Sunday night.

After the discussion of arrangements for the trip, the six new pledges present were given their second degree initiation, and then thoroughly "chastised".

Scott gives the following suggestions, directions, and helps for the three day outing for the edification of those who are planning to attend. Especial attention should be paid to the directions for reaching the cabin, as Mr. Scott states that the place is rather had to find.

Instructions given are as follows: "Take the Santa Ana Canyon Road to Riverside, Colton and on to San Bernardino. Then take "E" street north to Highland Avenue, east through Patton, to City Creek road. Proceed up City Creek road (a steep climb) about ten miles until the Inspiration Point service station is reached. Turn off here to the right on the Smiley Park dirt road. Follow this road to the first forks and then make a hairpin turn to the left, following the top of the ridge through Fredbalba (a small group of old cabins) to next forks of the road."

"At this point take the road straight ahead for a few hundred yards until arriving at a better traveled road to the right. Take this for a couple of yards and the Scott cabin will become visible. It is stained a dark brown, has a tin roof, and is situated among a group of high pines."

Mr. Scott further states that every boy should bring plenty of blankets, as it is very cold at nights, a tin cup and plate, knife, fork, and spoon. Special emphasis is laid upon the fact that no firearms are allowed as the place is in a game preserve.

Final initiation will be given to the pledges attending, and an excellent time is promised to everyone.

Christmas Seal History Given

The opening of the Christmas Seal campaign conducted by the Orange County Tuberculosis Association and the twenty-fourth annual sale in the United States, brings to mind many interesting facts concerning the little stamp, which means so much to the country in a health way.

Children especially like to hear the story of the seal. They like the Santa Clause with his merry grin and they ask their mothers to tell them what the double bar means. Mother answers that they stand for health and happiness.

Twenty five years ago a man who worked in a postoffice in Denmark was very much interested in the children. He knew some who were ill with tuberculosis and whose parents were too poor to give them the best kind of care and he wished for enough money to build a hospital to take care of them. One night, near Christmas time, when he was working late, cancelling stamps on many thousands of letters passing through the postoffice on their way with Christmas greetings, he began to think of how many people there were who wanted to give happiness to others at this time of year.

All at once an idea, God-given, popped into his mind, "Suppose everyone who sent a letter through the mail would buy another stamp for a penny. No one would mind spending an extra penny, but all those pennies together would make enough money to build a home where those poor children might get well."

So much money was raised that a fine hospital was built to take care of the sick children.

Several years later Jacob Riis in New York received a letter from Denmark. It had one of these seals upon it and he was curious and asked about it. He was delighted with the plan and wrote a magazine article about it. Then Miss Emily Bissell took up the plan, because she knew some kiddies sick with tuberculosis, and the first American seals were made in 1907. Now people all over the United States, who are interested in fighting the disease have come to believe that they can help so easily by joining this campaign. At first the money raised was used to care for people sick with tuberculosis, which was then said to be incurable, but gradually it began to be realized that something should be done to keep people from getting sick.

"Einstein" Talks In Hayden's Speaking Class

"Ladies and gentlemen, the next speaker on this morning's program will be Rudy Vales. After Mr. Vales' talk we will hear an address by Professor Einstein on Relativity."

Wouldn't such an introduction rather surprise you. It would be a reality if you were enrolled in Sheldon Hayden's third period public speaking class. The aforementioned speakers and prominent men and women are introduced every day, and short talks are heard from them.

"During the present weeks, 'introduction speeches' are being practiced," states Mr. Hayden, "each student impersonating some one of importance, and acting just as they would if they were really such."

"During my stay in Africa," says a great 'big game hunter', "I shot two Elks, Five Moose, and several Knights of Pythias."

"I got such a bad cold at the North Pole I can't talk", says Sir Hubert Wilkins.

"I just go back from the South Pole", says Admiral Byrd, "its not so hot".

Oh, yes, its a great class. But seriously, it is very helpful, as well as entertaining.

Y. W. C. A. Gives Baskets Of Food

Members of the social service committee of the Y. W. C. A. working in conjunction with Mrs. Liebrick, city welfare worker, were extremely busy before Thanksgiving distributing to the needy baskets of food. The girls themselves contributed fruit, and the other necessary provisions were bought with money secured from the Y. W. C. A. treasury. It was stated by Geraldine Cole, head of the social service committee, that the work of the year will be to outfit poor children who are on the way to state license homes.

The members of the social service committee and her helpers are Geraldine Cole, chairman, Mary Louise Heath, Lucile Crawford, Lois Read, Cathryn Harwood, Martha Jane Webb, Donna Crawford, and Margaret Allshouse.

Lion Bonfire And Rally Is Success

(Continued from page 1) horns, whistles, sirens, and lungs screaming while the whole Santa Ana business district paused and cheered.

Upon arrival at the site of the rally near Delhi, the annual Frosh-Soph scrap took place, at which time, the "freshies" were returned victors after a battle that lasted almost an hour, by virtue of their winning the sack rush; the pole rush and tug-of-war ended in ties.

The two classes struggled vainly for fifteen long minutes, but nary a one reached the top of the fifteen foot pole. The whistle had no more started the tug-of-war when the large rope snapped. By virtue of an inch by inch struggle, the freshmen were able to win the sack rush, 3-2.

Junior Lions pledges and members worked for two days and nights in preparation for the burning of the two-story eight-room house, given to the Lions by the Santa Ana senior Lion president, Homer Chaney. A large truck was secured for the two nights, Monday and Tuesday and the club worked well into the morning hours hauling boxes, leaves, limbs, trash, and oil, and filling the house almost to the roof. The second night a group of Spinsters served a midnight lunch to the Lions.

The fire was so intense 10 minutes after Captain Al Kluthe started it by dropping a match in an oil-soaked spot, that the rain, which had been falling all evening, did not reach the ground 200 feet in all directions. Two pledges, Paul Wright and Richard Robbins were initiated into the club after the rally, around the smoldering house. They stayed around the house until all danger was gone.

The idea of the Christmas Seal has grown until now not only tuberculosis is fought, but everybody is taught how to keep well and strong.

It is wonderful to know that less than half as many people die of tuberculosis in this country each year now as compared with the time the first seals were made. Because they cost one penny each, it is possible for everyone to help, and many children like to use some of their pennies to buy seals.

French Students Await Christmas Party Slated Friday Night, Dec. 5

With plans virtually completed for the annual Christmas party of the L'Hotel de Rambouillet, members of the advanced French club were anticipating the progressive dinner to be presented Friday night, starting at 5:30 p. m.

Miss Lella Watson, adviser of the club, is in charge of the event and has arranged a novel and surprising program for each of the four stopping places. Miss Watson is being assisted in the arrangements by Miss Evelyn Parks, president and Miss Velma Bishop, secretary, and at whose home the final program will be given.

The party of about 25 members will first journey to the home Mrs. Gail Sleeth Smith on North Broadway which will typify the city of Bordeaux in France. Each person will have to introduce himself and tell of his imaginary voyage over the ocean.

From the Smith home, the students will drive to Miss Watson's house, which will represent Bezancon. Pictures of this famous city will be shown from Miss Watson's extensive collection and French songs will be sung. The third course will be served at the home of Mrs. Ralph Mitchell on Palm avenue. Mrs. Mitchell is the sister of Miss Parks. Carcassonne will be portrayed, the highlight being an original presentation of a Trouvere or Minstrel by Miss Gladys Earley.

Jr. Art Association Formed On Campus

(Continued from page 1) tunity to gain knowledge from lectures which will be given by various Laguna artists who have obtained their present understanding of art through past study and work. These speakers are recruited from the ranks of artistic printers and blockers, as well as painters themselves.

The first meeting of this new club was held at the Laguna Beach Art Gallery on November 22. Mr. Hinchman was in charge of the program and spoke of the subject of "Block Printing".

Any who are anxious to take advantage of this opportunity are requested to be at the art gallery on the thirteenth of December when the next meeting of the association will be held. Membership cards may be obtained from Robert Marshall, president of the organization. Mr. Marshall will be found in the galleries on any day.

The meeting on December 13 will be at 4:00 p. m. The subject will be "Modern Art" and the lectures will again be given by Mr. Hinchman. All who come are requested to bring pencil and paper for notes. It might also be interesting to bring some materials for art rendering. Oil paint is the only medium barred.

According to Robert Marshall, president of the club, something very good should come of this new organization, and all are invited to come and benefit themselves as well as make a success of the association.

Spanish Club Holds Interesting Meeting

Senor Lisareza, a recent resident of Southe America was the featured speaker at the Spanish club meeting which was held in the Y. M. C. A. hut last Wednesday evening, November 19.

The distinguished guest spoke in the Spanish language and discussed topics relating to the value of one country speaking the language of another, the new governor of Columbia, South America, home life, and the courtesy of the Spanish people.

Following Senor Lisareza's talk which lasted for nearly a half hour, the members sang songs in Spanish. Present in addition to approximately 25 students were Mr. and Mrs. M. McCulloms of Anaheim.

Fashion Show Given In J. C. Assembly

(Continued from page 1) of a parade of six-footers wearing the latest styles in feminine apparel and several fashions of a former day. Evening gowns, dancing frocks, afternoon dresses, bathing suits, fur coats, shawls, tennis frocks, sport costumes nightgowns, pajamas and wraps all drew their share of applause.

An elaborate stage setting was used for the performance and spot and flood lights were used effectively. A musical quartet provided music for the models, being composed of Everett Idlor, piano, Louis Romoff, violin, Richard Robbins, cello, and Don Abbott, flute and trumpet. The costumes for the affair were provided by the Sisterhood of Spinsters, under the direction of Miss Marian Parsons and Miss Ada Marie Hendrickson, who also made up the Longfellows before the show.

The club presented the first fashion show a year ago, which was in the form of a garden party. Although the 1929 performance was very comical, especially with the conversation, it was thought best to have a distinct contrast this year and the dignified interior of a Paris dress shop was characterized.

John "Sky" Dunlap, president of the club was in charge of the arrangements, being assisted by "Truck" Lindsey and Don Abbott, stage manager. Members who donned dresses for the affair were Wilton Hilliard, "Truck" Lindsey, Eldon Bragg, Charlie Greenleaf, Charles Crumrine, Chet Cook, Ray Kohler, Oliver Aufderberg, Julien Lecrivain, Harry Clayton, Bill Cowley, Don Schurr, Dick Harris, Harry Motley, Harley Vahl, Bil I Crawford, Ed Meador, "Sky" Dunlap, Herman Hoch, Don Young, "Swede" Whisler, Max Appleby, Claude Raab and Martin Bowman, master of ceremonies.

U. S. C. To Entertain Don Men At Banquet Tonight

A group of junior college "Y" men will leave this evening for U. S. C. where the latter institution will entertain with a banquet an dprogram. An invitation was extended to the local "Y" through its president, Bob Williams several weeks ago, and much enthusiasm has been worked up over the trip. The exact number planning to go is not known, but Santa Ana junior college will be well represented.

In inviting the local "Y", it was pointed out that a meeting such as this would bring the junior college men in contact with four year college life, thus facilitating an understanding of university schooling for those who are planning on continuing their education in such a school.

The "Y" men will leave the school in private cars and will arrive in time for the dinner which will be held around seven o'clock.

An excellent meal together with a good program consisting of music and speeches is promised.

PROGRESSIVE PARTY NEARS

Marian Parsons home will be the scene tomorrow night of the starting point of a progressive Christmas party staged by the Beta Gamma honorary society. Cocktail and salad will be served there after which the club will progress to the home of Maybelle Ball, progress to the home of Maybelle Ball, president, where the meat course and dessert will be served. Christmas decorations will be used to advantage, and presents will be given to all members.

Initiation talks will be presented by the newly elected members, Wayne Flinn, Forensic commissioner; Goldie Peale, Del Ano art editor; Marian Parsons, A.W.S. president, and Women's athletic commissioner; Frank Miles, former forensic commissioner and football star; Ed Kilbourne, business manager of Del Ano, Cardwell Oglesby, vice-president of the Gauchos and Y.M.C.A. cabinet member, Tom Clark, Associated Student treasurer; and Bob Williams, president of the Y.M.C.A., Senior Grand Exalted Bachelor, and vice-president of Hermanos Siempre.

Bachelors Initiate "Skums" Into Club

(Continued from page 1) the next meeting of the club.

The 15 pledges who are now full fledged Bachelors and who wore their red ties and dark glasses on Bachelor Sabbath Tuesday are Dale Fuller, football manager; Harry Clayton, varsity tackle; Paul Bruce, varsity center; Wayne Flinn, commissioner of forensics; "Toby" Groenow, varsity end; Mike Santa Cruz, varsity tackle; Kiyoshi Higashi, varsity end; Jac Crawford, Y. M. C. A. and Agorean club official; Curt McCoy, varsity guard; George Griffith, Tustin student president; George Blewitt, Anaheim student president; Stanley Johnston, baseball star; Ervin Watkins, varsity halfback and track star; Franklin Van Meter, varsity halfback; and Sheldon Hayden, instructor of public speaking, adviser.

At last Sunday's meeting, members of the Breakfast Club were given a short talk by Dean McKee Fisk, on educational conditions in the Orient.

He spoke of high tuition in many of the universities and of the student strikes caused thereby. It was suggested that the Breakfast Club devote it's funds to this cause, which question was referred to the finance committee.

"How Does a Christian Get Even", was the topic discussed, after this talk.

Stenotypy Wins

In all business schools where both Stenotypy and the hand method of Shorthand are taught, it is found that by far the larger number of attending students choose Stenotypy.

Stenotypy is faster, more legible and is more easily learned than Shorthand.

Investigate it at McCORMAC SCHOOL OF BUSINESS AND SECRETARIAL TRAINING, 706 North Main Street, Santa Ana.

DONTANBARK SEASON ENDS IN TIE TILT

Fullerton And Santa Ana
Battle Into 13-13
Grid Deadlock

Packing away their moleskins until the spring of 1931, Coach Bill Cook's Santa Ana junior college Dons this week were recalling a long and somewhat stormy grid season, which came to a colorful end Saturday afternoon at Fullerton. When the smoke had cleared away, the score books indicated that Santa Ana and Fullerton had battled into a 13 to 13 deadlock.

Swarm Shaves

Figuring that Fullerton had out-classed Santa Ana, members of the neighboring city whisker club, a group of students who had voted not to shave until Fullerton had beaten Santa Ana in some major sport, had their whiskers clipped at the Fullerton-Santa Ana football dance that night.

The biggest thrill of the afternoon was provided by the Dons in the last five minutes of the first half. Within those 30 minutes, Santa Ana scored two touchdowns and was on its way to a third when the gun sounded, leaving the pigskin in the Dons' possession on the 5-yard mark after Franklin Van Meter, who had snagged a pass from Orville Schuchardt, slipped on his way toward the Fullerton goal.

Fullerton scored first in the initial quarter when Chil Hezmalhalch and Kermit Wood pounced their way to the six-inch line. From there, Hezmalhalch plunged over the goal. Bill Harkleroad, who played a whale of a game at end, blocked Wood's kick for the extra point, making the score Santa Ana 0, Fullerton 6.

Dons Forge Ahead

Santa Ana took the lead in the second quarter, however, when Hal Dunham snagged an almost impossible pass from Schuchardt and raced over the goal. Captain Al Kluthe converted. The Dons scored again six plays later. Schuchardt dashed around end for 25 yards after Fullerton had tried to "play" with the ball and had failed. Schuchardt ran out of bounds on the 4 yard line. Clarence Hapes, Santa Ana's 3-in-1 fullback, hit center for a yard, and on the next play went through tackle. He fumbled on the tackle play, however, and the ball fell into the grasp of Kluthe for another Santa Ana touchdown. Kluthe's kick was blocked.

Even Score

Beginning the second half, the Yellowjackets soon evened the score. With the ball in midfield, Santa Ana was penalized 10 yards. Wood took the ball for Fullerton and sailed through the entire Don team for 34 yards, Harry Clayton, Santa Ana tackle, nabbing the feet Yellowjacket half-back on the 6-yard ribbon.

Wood made another yard, and then Foltz, Fullerton's star right half, cut through for the other five yards. Wood's kick hit and bounced over the crossbar, giving Fullerton the extra point making the score Santa Ana 13, Fullerton 13.

The Yellowjackets made a heroic effort to score in the third period by attempting a place-kick from the 30-yard mark. The ball fell short, however. In the final quarter Fullerton worked the pigskin to Santa Ana's 6-yard line, but Dunham saved the day for the Dons when he scooped up Wood's fumble on Santa Ana's 15-yard ribbon. So ended the 1930 football season.

RETAINS BASEBALL

Calling a special election for the purpose of deciding whether they would retain or abolish baseball as a major intercollegiate sport, students of Glendale junior college voted unanimously last week to have a representation in the 1931 Southern California jaycee conference.

JUNIOR LIONS

Staging one of the most successful football rallies in the history of the Santa Ana junior college, the Junior Lions today had added another unit to their long list of services to the Dons. The rally, which took place last Wednesday night, worked up a great deal of enthusiasm for the Santa Ana-Fullerton game. The two nights preceding the celebration were evenings of suspense for the club members, who were expecting a Fullerton visit.

EXTENDS APPRECIATION

Wishing to thank Santa Ana's scouting delegation, Fullerton junior college, according to John Neubauer, sports editor, voices the following: "It was certainly a sportsmanship-like thing for the Santa Ana scouting delegation to cheer for the Tempe State Teachers' college team, and we want to go on record as thanking these gentlemen publicly. We are sure that the invading Arizonans appreciated the rooting by the Santa Ana Dons, and if the said rooting hadn't had a Santa Ana flavor to it, it would have been perfect."

BROTHERHOOD OF BACHELORS

Continuing its policy of rendering service where service is needed, the Brotherhood of Bachelors this year took charge of the Don rooting section, as well as sponsoring auto caravans to Los Angeles and Pasadena.

NEW CAGE RULES

New basketball rules, published by the Los Angeles Collegian, state: (1) If a player makes his shot, the goal counts, but he gets only one free throw; if he misses, he gets two. In case the single shot is missed or the second of the double is missed, the ball will automatically go into play instead of time being called out and the ball being tossed up at center; (2) Another alteration finds a technical foul being awarded when at "jump ball" a player leaves the circle, or the "imaginary circle" in case of a held ball before the ball is tapped. The penalty last season resulted merely in the awarding of the ball out of bounds to the player who remained in the circle, but this year the player is awarded a free throw; (3) on any jump "ball" the ball may be tapped twice, but not more than twice, by either one or both of the jumpers, and the second tap may be made either inside or outside of the circle. After a player has tapped the ball a second time, he may not touch it again until it has been touched by one of the other players, the floor, the basket or the backboard; (4) when a foul shooter or one of his teammates steps illegally into the free zone, the foul is at the foul line; (5) when time is called the ball will be tossed up at center instead taken out for a personal foul, time shall be resumed when the ball leaves the free thrower's hands rather than when the referee places the ball on the line; and (6) the rule against kicking the ball has been altered now so that the whistle will blow only when a player purposely kicks the ball.

FIFTEEN BASKETEERS DON SUITS MONDAY NIGHT FOR INITIAL PRACTICE OF SEASON

Either an optimist or a pessimist could derive satisfaction aplenty from the Santa Ana junior college basketball camp these days.

Issuing his first call Monday night, Coach Bill Foote signed up 14 candidates, representing talent from several sources. This initial turnout list did not include members of the Don football team, candidates form which were expected to report for the second drill Tuesday afternoon. Wayne Garlock, Melvin Beatty and Lorry Walbridge were the only football artists to don casaba uniforms Monday.

Turnout Roster

Those who answered the first call were Don Johnson, John Smith, Wayne Garlock, Melvin Beatty, Lorry Walbridge, Elwood Lindley, Joe Warner, Norman "Pete" Wood, Martin Bowman, Hoffman Hurley, Harold Dwyer, Kenney Gilchrist, Herman Hoch, Dwain Robinson and Gale Tolan. Captain Orville Schuchardt attended practice but did not dress in basketball togs.

Schuchardt, as well as other football players, was taking a rest following his long gridiron training period which ended Saturday afternoon with the Santa Ana-Fullerton contest.

A point in favor of the optimist is the fact that prospects for a good quintet look brighter than they have for years in Santa Ana, while the pessimist grins over the fact that other teams in the conference started training two weeks ago. Los Angeles now has a squad of more than 60 athletes. Long Beach and Pasadena, two of the leading contenders this season, are starting off with a bang. From what can be gathered,

although there may be several dark horses, Santa Ana, Long Beach, Pasadena and Compton loom as the heavy threats for the title.

Lindley Reports

Elwood "Lucky" Lindley, the big noise of the Santa Ana high school varsity, reported Monday and was the only Santa Ana high school star in suit. Lindley plays center but may be shifted to a guard position this year. Excelsior high school has contributed two athletes, Robinson and Hurley, to the Don ranks. Tolan hails from Northville, Minnesota, while Dwyer comes from Orange, Gilchrist from Huntington Beach and Hoch from Placentia. Walbridge, who was a member of Santa Ana's championship "C" team of 1924, attended the University of Arizona last year but has returned to Santa Ana for the 1930 season. Beatty and Garlock were members of the 1929 squad.

Others To Report

Truscott "Truck" Lindley, another mainstay of last year, will not be able to report until after Christmas vacation, it was learned today. Players expected to report sometime this week include Mike Santa Cruz, a brilliant guard from Orange; Emmet Seacord, towering center from Tustin; Max Appleby, flashy Don forward of 1929-30; and Wayne Bartholomew, center from Compton.

Poor Fullerton

Fullerton will have a tough time of it this season. Eddie Rolston, Jake Durrell, Mut Dauter, Stan Shulte, Wray Pomeroy, Theo. Quanton and Ike Holmes, members of last season's team, are lost to Coach Art Nunn. Three lettermen, Bob Stein, Harold McKeehan and Fred McAleese will return.

Glenn Scheduled For Y. W. C. A. Talk

T.H. Glenn, head of the junior college English department is to be the featured speaker at the regular meeting of the Y.W.C.A. which is scheduled to occur next Monday evening, December 9, at the Santa Ana Y.W.C.A. building. According to custom, the meeting will be in the form of a pot luck supper.

Mr. Glenn's address will concern his recent tour which he conducted this last year to Europe. He will also touch upon interesting phases of the Passion Play. Additional numbers on the program will comprise a vocal solo to be sung by Margaret Rust, a piano solo by Thelma Glasscock, and a piano selection by Velma Bishop.

Crew Racing Proves Very Popular At Sacramento

Sacramento J.C., November 24—A rather novel athletic season is held by the Sacramento J.C. Crew racing has been recently ordained as one of the major sports of that school, and a new landing has been constructed through the co-operation of the Twenty-Three Club of that city, and a long sleek new shell has been presented to the crew by the Associated Student Body of the University of California.

College Tournament Due For Tennis Men

By Cecil Slaback

Cobwebs today are being dusted off tennis racquets, and rubber "sneakers" being pulled out from behind the various things stored in the closets, at the same time footballs are being packed away for the winter.

Clyde Patton, who will coach this year's tennis squad, states that within the next few weeks a college tournament will get under way with a cup for the winner. It is understood that the cup will become a permanent trophy, with the winner's name of each year's tournament to be engraved upon it.

Tennis prospects are brighter this year than they have been in the past seasons, since many brilliant stars

have enrolled from various Orange county high schools, while quite a number of lettermen have been retained.

Compton Defeats Glendale Eleven On Slippery Field

Undisputed champions entering the struggle, the Tartars of Compton junior college trounced Glendale 14 to 0 Thanksgiving day at Compton to wind up their gridiron season undefeated.

Compton defeated every team in the Southern California conference except Coach Bill Cook's Santa Ana

Dons, who, although outplayed, managed to eke out a 6 to 6 tie.

Characterized by fumbles because of the wet condition of the field, the Compton-Glendale fray, with Coach Deacon Pine using his second-string Compton eleven, ended 0 to 0 at the half. In the final two periods, however, when the bulk of the Compton strength was inserted, Tom "Fancy" Yancey, on a long run, placed the ball on Glendale's two-yard line and "Porky" Smith smashed over the goal. "Sunny" Valentine was responsible for Compton's second touchdown, the flashy Tartar quarterback cutting loose on a 40-yard goose-chase.

Compton's lineup included Nuzum and Sweeney at end, Chambers and MacLaren at tackle, Ostling and Scott at guard, Bovee at center and Canfield, Kruger, Boswell and Rich in the backfield.

Glendale's lineup was composed of Edwards and Zaribuca at end, Taylor and Smithson at tackle, Magie and Baley at guard, Ryon at center, and Groman, Harris, Lewis and Jolley in the backfield.

The other day the judge asked me if I killed that man and I told him yes, but just before they got ready to hang me, I laughed, for I knew I didn't do it.

TENNIS WINS SCORED OVER LOCAL WOMEN

Fullerton Shows Class In
Tennis Tournament
Here Monday

Having ruled the roost in tennis for many athletic moons, Fullerton junior college today had chalked up another victory for its racket-wielding women athletes, who decisively defeated the women of Santa Ana junior college Monday afternoon on the local courts.

Known throughout Southern California for her net ability, Melba Riquet, Fullerton ace, had little trouble in defeating Lorna Allen, Santa Ana star, 6-0, and 6-2. The next Santa Ana victim to be taken into camp was Marjorie Arundell, who lost to Helen Payet, 6-3 and 6-1. Doris Barth of Fullerton defeated Florence Stanley of Santa Ana, 6-0 and 6-2.

Better In Doubles

Although faring a little better than in the single tournaments, Santa Ana could not stop Fullerton in the doubles. Betty Nunson and Ruth Smaly of Fullerton scored a victory over Audrey Teel and Imogene McCauley of Santa Ana, 6-7 and 6-1.

\$100,000 has been left at the Los Angeles Junior College by an old will which has just been probated. The proceeds are from the sale of some real estate in Los Angeles and Redlands. "JUNIOR COLLEGIAN", Los Angeles junior college
